

FILMBOX MEMBERSHIP SCHEME 2018/19

We encourage patrons of **FILMBOX Community Cinema** to become members as this provides the very best value for money. Membership will ensure **FILMBOX** is sustainable and that we can keep scheduling at least 22 film nights each year, as well as providing benefits for the individual who becomes a member of **FILMBOX**. **Note:** Only one person needs to become a member, as a member can bring a guest to each film at the same reduced price.

FILMBOX is a private 'not-for-profit' constituted membership club run by volunteers. **FILMBOX** receives no external funding and pays Langley Park Centre for the Performing Arts venue hire and site staff costs. **FILMBOX** must also pay a screening licence to the distributor for every film shown – in this way we are supporting the UK film industry. At present, we absorb the TicketSource online booking commission (9-10% of ticket) and do not pass these onto patrons. All revenue received is used to provide future screenings and events for **FILMBOX** members, to develop the **FILMBOX** concept and upgrade equipment. Any surplus may be donated to Langley Park School for Boys and/or other charities, as decided by the Committee. Please be aware that for certain screenings/special events there may be an additional charge which will be advertised in advance. **FILMBOX** plans to have a *minimum* of **22 film screenings for the 11 months** of operation in 2018/19 – and where possible, 2 films per **FILMBOX** night. We are currently closed during school holidays and in August.
